Biomass **19** (1989) 323–324

CONTENTS OF VOLUME 19

Numbers 1 & 2

Special Issue: Biomass Gasification (Part II)

Biomass Gasification: Field Monitoring Results. Part I 1
M. S. MENDIS (USA), H. E. M. STASSEN & H. N. STILES (The Netherlands)

Biomass Gasification: Field Monitoring Results. Part II 19
M. S. MENDIS (USA), H. E. M. STASSEN & H. N. STILES (The Netherlands)

Updraft Gasification of Peat and Biomass 37
E. KURKELA, P. STÅHLBERG, P. SIMELL & J. LEPPÄLAHTI (Finland)

Development and Operational Experience with Topless Wood Gasifier Running a 3·75 kW Diesel Engine Pumpset 47
A. K. RAJVANSHI & M. S. JOSHI (India)

Short Communication: Economic Analysis of a Husk-Fueled Gasifier Power Plant at a Rice Mill in Africa 57
DEAN B. MAHIN (USA)

The Energy Contribution Potential for Medium-Btu Gas Produced from Biomass in the USA 61
MARK A. GERBER (USA)

Study of Thermal and Emission Performance of Small Gasifier–Dual-Fuel Engine Systems 75
P. P. PARIKH, A. G. BHAVE, D. V. KAPSE & SHASHIKANTHA (India)

Development and Field Testing of Small Biomass Gasifier–Engine Systems in India: A Joint Project by an American and Indian Team 99
ABU TALIB, JOHN R. GOSS, VIRGIL J. FLANIGAN (USA), P. D. GROVER, H. B. MATHUR & M. B. DURGAPRASAD (India)

Short Communication: The Commercial Responsibilities of Biomass Gasification 123
D. B. WILLIAMS (New Zealand)

Biomass **(19)** (1989)—© 1989 Elsevier Science Publishers Ltd, England. Printed in Great Britain

The Fluidized-Bed Gasification of Biomass: Experimental Studies on a Bench Scale Reactor 129
J. SCHOETERS, K. MANIATIS & A. BUEKENS (Belgium)

Biomass Thermal Gasification Research: Recent Results from the United States DOE's Research Program 145
G. F. SCHIEFELBEIN (USA)

The Influence of Particle Sizes on the Design of Combustion Equipment . . 161
F. R. HOSE (Republic of South Africa)

Number 3

Nutrient Content Prediction Equations for Wetland Trees in the US Southern Coastal Plain 169
DOUGLAS R. PHILLIPS, MICHAEL G. MESSINA, ALEXANDER CLARK III & DOUGLAS J. FREDERICK (USA)

Biomass and Energy Production in Coppice Stands of *Vitex negundo* L. in High Density Plantations on Marginal Lands 189
S. C. VERMA & P. N. MISRA (India)

Advancing Biofuels Technology Acceptance in the USA 195
NICHOLAS LAILAS *et al.* (USA)

Ethanol Fuel as an Octane Enhancer in the US Fuel Market 215
HASSAN AHMED, NORMAN RASK & E. DEAN BALDWIN (USA)

Household Cooking Fuel Hydrogen Sulfide and Sulfur Dioxide Emissions from Stalks, Coal and Biogas 233
R. A. HAMBURG (USA)

Number 4

Identifying Biomass Fuel Shortages in Sri Lanka 247
MICHAEL HOWES (UK)

Gross Heat of Combustion of Gmelina (*Gmelina arborea* (Roxb)) Chemical Components. 281
JOSEPH A. FUWAPE (Nigeria)

Acid Saccharification of Ball-Milled Straw 289
D. K. SIDIRAS & E. G. KOUKIOS (Greece)

Landowner Characteristics, Attitudes and Opinions Toward Producing Biomass for Energy Feedstocks on Marginal Land in the Great Lakes Region, USA . 307
GENE E. CAMPBELL (USA)
